

For Immediate Release:

MIDDLETON COMPANIES FORT SMITH BRANCH

Hollister, MO. August 20, 2009 -Memco and MandM Poultry Equipment are pleased to announce the relocation of our Van Buren Arkansas warehouse and distribution center to the Fort Smith Arkansas area.

The new location in Fort Smith offers a wealth of customer advantages and sales potential that will help continue the remarkable growth for Memco and MandM Poultry equipment in the western Arkansas region.

One of the customer focused enhancements coming soon to the new Fort Smith branch is a product show room that will allow customers access to view and test products prior to purchasing.

Memco, Inc. Executive Vice President for Sales & Marketing, Rob Middleton said Tuesday “Our new location in Fort Smith will be a better fit for our customers, team members, and help to move Memco and MandM to the next level. We are very excited to increase our service levels and abilities to the businesses and industries of Fort Smith and Van Buren.”

Memco, Inc. is a wholesale distributor of Safety, Packaging, Janitorial, and other Industrial Products. MandM Poultry Equipment, Inc. is a producer and distributor of quality equipment, engineered solutions and related products for the Poultry Processing Industry.
